GENERAL INFORMATION

SECURITY OF PERSONAL EQUIPMENT

There have been high profile reports of tack and other items going missing at many shows & events at various venues and showgrounds. It is possible that we could also have uninvited guests looking for items, therefore it is important that everyone is aware and takes responsibility for the security and safety of their personal items and equipment.

- Ensure that all equipment is secure before leaving your lorry/trailer/caravan, this includes carriages, harness, whips, etc. including when competing.
- Arena UK or ICD-UK will NOT be held responsible for any losses of any kind.
- Be vigilant at all times, stay safe and secure with ALL your equipment safely locked away and out of sight.
- Be aware that lorry tack lockers may use a 'universal key' meaning their security is limited.
- **Challenge or report suspicious individuals in the lorry park to the Secretary immediately.**

HORSE WELFARE IS VERY IMPORTANT TO ICD-UK.

- Animal handling, driving, use of the whip & management will be observed at all times.
- Please report any situation you are not comfortable with to the Secretary as soon as possible.
- The Organisers reserve the right to disqualify any animal which is deemed not fit to compete or as a result of behaviour deemed inappropriate from any competitor or member of their team.

- A vaccination must not be within 7 days of the event.
- ICD-UK advise, but do not insist, on a vaccination being given within 6 months.

- Must not exceed 112cm (44" - 11 hands.)
- Ponies close to the height limit **MUST** produce a current height certificate OR letter from a Veterinary stating height.

Directions To Arena UK

- All competitors MUST use the A1 to access Arena UK
- There is direct access from the Gonerby Moor, North Grantham interchange on the A1. (Grantham Services)
- Follow signs to Equestrian Centre, approximately half a mile from the A1.
- DO NOT USE the alternative route through Sedgebrook and Allington off the A52. It is not suitable for horseboxes due to narrow roads and a (12ft) height restriction bridge.
- It is also a residential area and the residents would appreciate if the traffic flow coming through their villages could be reduced on show days.
