THE FEI CODE OF CONDUCT

FOR THE WELFARE OF THE HORSE

The Fédération Equestre Internationale (FEI) expects all those involved in international equestrian sport to adhere to the FEI's Code of Conduct and to acknowledge and accept that at all times the welfare of the horse must be paramount and must never be subordinated to competitive or commercial influences.

 At all stages during the preparation and training of competition horses, welfare must take precedence over all other demands. This includes good horse management, training methods, farriery and tack, and transportation.
 Horses and competitors must be fit, competent and in good health before they are allowed to compete.

This encompasses medication use, surgical procedures that threaten welfare or safety, pregnancy in mares and the misuse of aids.

3. Events must not prejudice horse welfare. This involves paying careful attention to the competition areas, ground surfaces, weather conditions, stabling, site safety and fitness of the horse for onward travel after the event.

4. Every effort must be made to ensure that horses receive proper attention after they have competed and that they are treated humanely when their competition careers are over. This covers proper veterinary care, competition injuries, euthanasia and retirement.

5. The FEI urges all involved with the sport to attain the highest levels of education in their areas of expertise.

Scoring and Classification:	Each obstacle is allotted 10 to 120 points according to difficulty. Each obstacle may be approached in any direction, but only twice. The competitor is credited with the allotted number of points per obstacle he has driven correctly. In a maximum allowed time (3 minutes) the Athlete may pass all the obstacles he wishes in any order. Ringing the bell declares the end of the time allowed. The competitor must then cross the finishing line in any direction to allow his time to be recorded. If the horses are already in the obstacle when the bell rings, this obstacle still counts if it is correctly taken.				
	Taking an obstacle more than twice does not cause elimination; however, the competitor does not score any points.				
	One obstacle specially marked by flags is the "Joker", which may also be taken twice. The 200 points are awarded each time the "Joker" is driven correctly. If it is not driven correctly 200 points are deducted. Obstacles knocked down during the round will not be rebuilt; if they are driven again, no points will be credited to the competitor.				
	Winner is the competitor, who has obtained the highest number of points. In case of equal points, the fastest time decides. In case of equality of points and time for the first place, there will be a drive-off over the same course with a shortened time (2 minutes).
