# TOP DRIVER AWARD 2013 

For Single, Pair and Four-in-Hand Classes

## Point System:

Competitors may compete in all competitions but only the results of the best four events will count for the overall classification.

Participants in each competition will receive points as shown in the table below.

The winner of the series will be the participant receiving the highest number of points in four events maximum.

Should a tie for points exist between participants for any placing in the overall classification, the competitor with the greatest number of wins will be decisive. In case of a further tie the competitor with the greatest number of second places will be decisive and so on until there are no competitors equal on points.
